Meet My Mentor: Mentor Nurul Bahirah, CC

Event: How to overcome fear of public speaking by David Pranata, 28 Nov in Jakarta

Meet My Mentor

My name is Susan Adella and my mentor is Nurul Bahirah. When I will deliver my speech on the first project, me mentor was Nurul Bahirah. When I contacted her, she greeted me very friendly. Nurul Bahirah gave a lot of inputs for my first project, such as how to get attention from the audience, how to be confident, how to make memorable speech so that the members and guests will be easy to remember me and the most important advice was she suggested to “Add value in the speech” based on the

suggestion, I tried to make a draft and simulated it in front of another member, TM. Emriati Samosir, she gave input that was very important to me and increased my confidence. Finally thanks to them, especially Nurul Bahirah, I could be the best speaker in the prepared speech session at the meeting on September, 10th 2015.

“Toastmasters helps me to be motivated to become good speaker. At first, I felt nervous because I saw numerous people with good English. But, over all Toastmasters is interesting!” –Elsa.

David Pranata is one of the most dedicated toastmasters. Once he was shy and quiet, now he is a trainer and an author about public speaking! We will soon learn from him of his secret, how to overcome fear of public speaking. 28 Nov in Jakarta, 29 Nov in Bandung.

“I think UI Toastmasters Club is a great club where we can have the opportunity to improve and share our English public speaking skills. Beginners gain a lot from the experience of practicing speaking before an audience. No more timidity, jittery or nervous, just smiling face and proud to speak confidently. Advanced speakers may inspire and motivate others, as well as becoming an even better speaker than they could ever imagined before. Before attending UI TMC, I had hopes that I could enjoy myself learning more about public speaking in English. After attending the sessions, oh yes I really did. The people there were very encouraging and that made me comfortable to join for more.” –Lulus Yunindiah.

A club with Diverse Academics

Having members from different faculties in University, make Universitas Indonesia Toastmasters Club a club with diverse academics. This is one of the perks of attending Universitas Toastmaster Club according to Agung, a regular visiting toastmasters from Sandoz Toastmasters Club. "I love the academic contents and variety of the speeches, somehow a speaker talk about law, electronic engineering, psychology, economy and many other academic topics." Said visiting Toastmasters, Agung. He also recommends everyone who want to learn TOEFL to come to Universitas Indonesia Toastmasters Club.

According to him, by listening to academic speeches will improve your vocabularies for TOEFL reading test. "Toastmaster Via's Speech was really helping me to find new vocabularies for TOEFL, because in the next day after her speech I took a test for TOEFL and the reading material related with her speech, since that time I pushed myself to come to the meeting regularly." So for those, who want to feel an academics atmosphere of Toastmasters Club, you can come to this club regular meeting and feel the experience!
