Educational Program is the Heart of Toastmasters

BENEFITS OF TOASTMASTERS

- 1 A positive and supportive atmosphere in a community of learners.
- 2 The opportunity to find your voice while learning to tell your story with confidence.
- 3 Experience in leadership development through training and club involvement.
- 4 A free subscription to the Toastmaster, a monthly magazine that provides insights on club activities and other relevant topics.
- 5 International Communication and Leadership Awards.
- 6 Build your networking

Toastmasters can help you lose the fear of public speaking and learn skills that will help you be more successful in your chosen path. You'll be a better speaker & listener. You'll easily lead teams and conduct meetings. You'll comfortably give and receive constructive evaluation. Even if you already have some or all of these skills, you will enhance them in Toastmasters!

HOW DOES IT WORK?

- A Toastmasters meeting is a learn-by-doing workshop in which participants hone their speaking and leadership skills in a no-pressure atmosphere.
- There is no instructor in a Toastmasters meeting. Instead, members evaluate one another's presentations.
- Members learn communication skills by working in the *Competent Communication manual*, a series of 10 self-paced speaking assignments designed to instill a basic foundation in public speaking and also working in the *Competent Leadership manual*.
- Each project includes an evaluation guide, which gives club members an easy way to provide immediate feedback as the project is completed.

I become a better person that I never imagined before. People in UI TMC accept and support me. It is a very friendly club where I can learn so many things such as English, public speaking, communication and leadership skill at the same time.
